BANQUET OF DAIRYMEN,

Many Prominent Farmers Dine-Appropriate Speeches-Surgeon General Bowen an Able Toastmaster-The Association's First Dinner a Big Success.

Hartford, Jan. 17 .- The annual banquet of the Connecticut Dairymen's asociation was held last evening at the United States hotel and was a very pleasant affair. One hundred and twenty-five guests were present, among whom were many of the leading dairymen and agriculturalists of the state. Several ladies were also present. The nenu was an excellent one.

After the banquet President Robert A. stock, with a few well chosen words as toastmaster. General Bowen, in his opening remarks, said: "We are learning what a grand industry our assolation embodies, how well we can protect ourselves in legislative proceedings when it is necessary, and how well we can stand together in our rescarches."

The Hon, J. S. Kirkham of Newington spoke next on "Our Absent Friends," referring to the absent and deceased members in a most appropriate man-

Hon. H. M. Arms of Springfield, Vt., a prominent dairyman, spoke on "Colors, False and True." In speaking of the manufacture of spurious butter, he said it was a question of sailing un der false colors. He said that millions of pounds of so-called butter had been shipped into the state and sold under false colors, crowding out the pure products of the farmers.

The speakers who followed were R. S. Hinman of Oxford, the chief clerk of the secretary of state's office, James C. Cornish of Glastonbury to "The La-dies," William Irving Bartholomew of Putnam on "Exhibits," Homer E. Vaile of Pomfret, Vt., on "Vermont," Dr. E. H. Jenkins of the Experiment station at New Haven on "Crops," Rev. L. S. Potter of Hebron on "Trades," Con-gressman E. Stevens Henry of Rockville on "Our Jersey Breeders," Va-lancy E. Fuller of Lowell, Mass., on "The Fancy Farmer," Dr. Noah H. Cressey on "Our Emergencies," J. A. Spaulding of the Connecticut Farmer on the "Lee Side of the Association," Robert A. Potter of Bristol on "Our Worthy Host."

During the evening several selections were excellently rendered by the asso-ciation's quartet, composed of J. P. Cornish of Naubuc, C. W. Lee of Coven try, M. D. Stanley and J. A. Stanley of New Britain.

The day's session at Jewell hall was getting the franchise for elect devoted to discussions of butter-making from the next general assembly. in all its phases. First prize was awarded the Brooklyn Creamery company for co-operative butter; Fessenden Ives of West Goshen for private dairy, Ellresentative Newton, Colonel Leaven worth or any member of the gas com ington creamery for granulated butter, Ellington creamery, displays for market. YESTERDAT'S SESSION.

The art of cheese making was the first subject considered this morning, after the award of prizes was announce ed by Secretary Bartholomew. President Potter introduced Mrs. S. A. Gridey of Harwinton, who presented paper of more than ordinary interest on the subject. Mrs. Gridley learned her art of Mrs. Lois Gridley of Harwinton, who is now ninety-two years of age. She received the knowledge which has seen transmitted from a prior generation. Mrs. Lois Gridley is the widow of Lyman Gridley, who died in Harwinton in 1887, and is a member of the Terryville Congregational church. She is still an active woman, and has pieced fifteen bedquilts during the past two Mrs. Gridley has five children living. They are S. A. Gridley of Har-winton, Charles B. Gridley of Nebraska, Mrs. M. E. Allen of Harwinton, Mrs.

Junius Baldwin of Willington and Mrs.
William Thomas of Bristol. The story of Connecticut cheese making as told by Mrs. Gridley elicited some interesting remarks from the members of the association.

Grant The following were selected as the committee: H. F. Hall, chairman; D. E. Morris, J. T. Kimberly, O. H. D. Fowler, C. A. Harrison, G. W. Woodhouse, F. W. Richards, M. O. Callahan and Michael Downs.

The care of the dairy was discussed by Mrs. Henry M. Arms, and the care and feed of dairy cows by Mr. Homer W. Vall of North Pomfret, Vt. Plans have been made by the board

of managers for a series of eight public meetings during the winter. The first one will be held in Norwich Town in February and the second one will be in th neighborhood of New Haven the last of the month. The remaining six meetings will take place in other sections of the state, but the dates and interests of the borough and quoted the places are yet to be arranged. President R. A. Potter of the association and Mr. George E. Manchester of Winsted were appointed delegates this forenoon to the dairymen's congress, which will be held in Washington, D. C., February 27 and 28.

LOCAL NEWS JOTTINGS.

Negotiations are being made with the New Haven Amateur Minstrel company to give an entertainment in Naugatuck early in February for the benefit of the boy choir fund,

Dr. E. O. Hovey, son-in-law of Mr. Lancraft of Fair Haven Heights, New Haven, wrote the detailed report, several columns in length, of the seventh annual convention of the Geological society of America, for the Scientific American. The convention was held at Johns Hopkins university, Baltimore,

John A. Logan, 2:25. The Waterbury American yesterday says: Dr. Sweet, the famous bonesetter of New Haven, was in Water-town looking after the two unfortunate girls whose legs were badly broken while coasting down. Cutler street Monday evening. He examined the fracture of Miss Platt and found it set all right. Miss Griffin, he thinks, is hurt more seriously, as the flesh is torn from the bone, besides the bone being badly shattered. Should the bone get somewhat dry, he fears gangrene might set in, which would neces sitate amputation. Both fractures, he

said, were set very skillfully. In Norwich Wednesday before the superior court William Toomey of this city, accused of burgjarizing a store in New London owned by T. W. Gardner on the night of October 2, pleaded guilty and was sentenced to jail for ten months.

WALLINGFORD.

Judge John A. Martin had his first xperience in matrimonial matters yesterday and came out of it like a hero. Late Wednesday night he was aroused from his slumbers at his home by a colored couple from Meriden who were anxious to be married, but as they were not provided with the necessary license they were informed that they must wait with patience for the break of another day and then provide themselves with the marriage license and the rest would Yesterday morning the same couple presented themselves at Judge Martin's office, and Town Clerk Potter of Bristol introduced Surgeon-General George Austin Bowen of Wood-Judge J. A. Martin, after procuring an Episcopal prayer book, soon made the couple happy, and they returned to the Silver City on the electrics. The story Arthur Powers, twenty-seven years of age, divorced, and Mrs. Luna Thomas, twenty-nine years of age, a widow. Charles G. Huli has accepted a posi-

tion with the Meriden Photogravure

day.

The condition of Mrs. George Carr of Street's Hall avenue last evening was reported as extremely critical and her death is liable to occur at any hour.

James Slowman's condition yesterday was extremely critical and there is very little chance for his recovery. He is a member of A. H. Dutton post, G. A. R., and served during the rebellion in Com-pany B, Twenty-seventh Connecticut

Volunteers.
The Sons of Veterans will give a dance in the armory on Washington's birth-

day.

The horsemen have decided to use the East Center street park for speeding their horses, instead of the lake, and will roll down the track and put it in fine condition, and at an early date will have a race open to all Meriden and Wallingford horses, with prizes and

other regularities.

The cage of monkeys that have been the attraction for three weeks in J. M. Cannon's window was shipped yester-day to Syracuse, N. Y., and long suffering "Pratt" is happy to be relieved of his great care.

C. F. Paden and T. E. Fitzgerald will take in the athletic contests at Coney Island to-night.

There was a large attendance at the special borough meeting. Senior Burgess Thomson presided in the absence of Warden Botsford. The call of the meeting was read by Clerk Hale. H. F. Hall was as usual the first speaker to open up on the subject matter, and aired his views regarding the borough's getting the franchise for electricity speaker soon drifted into a disparaging way of discussing the gas company and finally called upon Judge Hubbard, Rep-

pany to state their views on the sub-Judge Hubbard arose and stated that when the matter was properly brought before the meeting by some suitable motion being made he should be pleased as a citizen and taxpayer to express his

views on the question. F. W. Richards arose and began a tirade against the last legislature for passing the bill regarding the procuring of the electric franchises for boroughs, towns, etc., and denounced every representative who voted for the bill. There was a little wordy argument between the speaker and H. F. Hall, but finally Mr. Hall welcomed Richards' cooperation. A motion was made by H. F. Hall

that a committee be appointed to draft amendments to the borough charter regarding the borough's use of electricity etc. The vote was passed without much

Voted, That the board of burgesse be instructed to call a special meeting of the freemen to vote by ballot on the proposed amendment.

The water rental question was next brought up and H. F. Hall was again first on his feet and favored the reduction of the water rents to the manufacturers.

Judge Hubbard favored the reduction of the water rentals to the large man-ufacturers, and thought the excessive case of the Metropolitan Rubber com pany, as recently printed in the "Cour-ier," in which the company had decided to locate its boot and shoe depart-ment in New York instead of in Wallingford, as was at first intended, large ly on account of the evident disposition of the powers that be in the borough to discriminate against the manufactur-

J. J. Redmond spoke against the pro-posed reduction of the water rent, which he stated was as low as in any city of town in the country with but two ex-ceptions, the rates being at the rate of

five cents per 1,000 gallons. E. M. Judd spoke in favor of the abatement of the charges and presented some cold facts that could not be disputed, quoting the fact that several of the large manufacturers had already given up the use of the water and gone to pumping, and thereby largely reduced the revenues of the water fund. Colonel Leavenworth of R. Wallace

Sons expressed his views on the subject and showed that by using the pump the expense of water was not over onefifth what is now charged by the metre rates at present, and that he was not prepared to state just what action the company would take as to the use of the water on the reduced rates as proposed After considerable discussion Judge Hubbard made a motion, which was adopted

Voted, That it is the sense of this meeting that the water commissioners confer with the manufacturers and other users of water by meter regarding the water rentals and make such lib eral reductions as may be consistent with the best interest and protection of the borough. Adjourned.

An Italian's Terrible Accident. Lopis Bajamie, an Italian employed by C. W. Blakeslee & Sons, met with an accident yesterday afternoon that may cripple him for life.
